 Fuel Cells (Fuel Cells for Mobility, Building and Power Generation), Renewable Energy (Solar, Wind)

What 2021 Exhibitors Said about H₂ MOBILITY+ENERGY SHOW

"Participation recommended"

HYUNDAI
MOTOR GROUP

Yeong-Shin Cho | Senior Staff | Hyundai Motor Group
 We really enjoyed participating the H₂ MOBILITY+ENERGY SHOW second time in a row. I am very sure this exhibition is the successful event H₂ industry people are looking for where you can continuously experience hydrogen-related trends and technologies.

posco

Jun-Seong Kim | Deputy Senior Manager | POSCO Group
 The H₂ MOBILITY+ENERGY SHOW was a very valuable event that made it possible to clearly communicate the POSCO Group's hydrogen business vision and strategy to others. I believe this event has greatly helped the growth of the Korean hydrogen industry as well as the POSCO Group.

Yeon-Yun Choi | Manager | Embassy of Sweden
 It was a great opportunity for Sweden to be part of H₂ MOBILITY+ENERGY SHOW. All the key stakeholders and major companies within hydrogen and its value chain were gathered, where we got to present what is going on in Sweden and Europe.

Air Liquide

In-Deok Kim | Senior Manager | Air Liquide Korea
 I am very sure H₂ MOBILITY+ENERGY SHOW will become the representative exhibition in the global hydrogen market through a larger event scale and more participating companies and visitors.
